

We inventory transition pieces to compliment each color of our standard collections. Each piece is 78” long, made of solid hardwood, and color treated and finished to coordinate with each floor product.

		T-Mold	Threshold	Reducer	Stair Nose
Vintage Loft	9/16" profile	002	011	020	021
Steadfast		002	011	020	021
Tasmania		002	011	020	021
Storehouse	3/4" profile	002	011	016	061
Gallery		002	011	016	061
1875	3/8" profile	002	008	007	009
Ponderosa		002	008	007	009
Chalet	1/2" profile	002	011	010	012
Saltbox		002	011	010	012
Longhouse		002	011	010	012
Brick & Board		002	011	010	012

ATTENTION !

Keep in mind that transition pieces are designed to complement a floor, not to match the floor exactly.

Before installing the floor, open the box of moldings and several boxes of flooring.

Choose a few planks of flooring to match each molding and set them aside together for later use at installation.

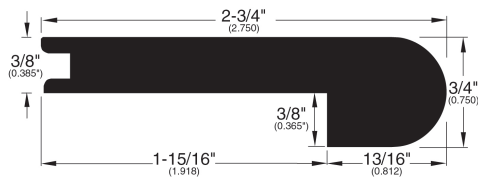

This will help to ensure the best transition blending.
